**PREPAY SOLUTIONS ONE-OF-THREE WINNERS IN PRESTIGIOUS
PAYBEFORE AWARDS PROGRAMME**

London, 2 February 2010 – PrePay Solutions has been named as one-of-three winners in the Best Closed-Loop or RAN Gift Program, one of the coveted categories in the reputable Paybefore Awards.

Winning for its Aral SuperCard, a unique gift card programme in Germany for BP, who is acting under the Aral brand. The SuperCard enables recipients to purchase fuel and/or all other products in-store at more than 2,500 Aral outlets throughout Germany. PrePay Solutions was selected as a category winner by a panel of five industry experts.

“We are very proud of our achievement at this year’s Paybefore Awards – especially as this year attracted a record number of entries,” said Gilles Coccoli, Managing Director, PrePay Solutions.

“Now in their fourth year, the Paybefore Awards are the world’s most respected recognition program in the prepaid and stored value card industry. PrePay Solutions’ achievement in this year’s awards is testament to our team’s innovation, performance and commitment so a big congratulations to all involved!”

The innovative Aral SuperCard, which was introduced to consumers in March 2009, can be purchased in-store, online or via dedicated call centers and have been popular gift choices due to the economic downturn and increasing cost of fuel.

“Paybefore applauds the leaders in our industry who are applying the flexibility and appeal of prepaid to innovate on behalf of consumers, governments and businesses,” said Marilyn Bochicchio, Paybefore CEO and chair of the judging panel.

“PrePay Solutions has distinguished itself in a tough field of competition,” she continued. “We are proud to recognise its contributions to advancing the use of prepaid products.”

The Aral SuperCard will now vie for the ultimate title – the best-in-category distinction – which will be announced at the Paybefore Awards ceremony in Las Vegas, 22 February 2010.
